- **Axel ADOLFSSON, Rotary Exchange Student from Sweden will arrive in Kelowna on 18 AUG 2014 at 23:45 on AC8422. Karol and Brian ELLIOTT Capri Club will meet him. If for some reason you are still awake and would like to part of the welcoming group....join the ELLIOTTS I am sure they would appreciate the interest from our Club. Axel will stay with the ELLIOTTS for a few days before moving onto his first host family. As you may recall our Club is not hosting the Exchange Student, but we are sharing all the costs with the Capri Club and we do have a responsibility to ensure that Axel has a fantastic time during his stay. Axel is 16 years old and from reading his application form he appears to be an exceptional and well travelled young man. Notwithstanding his transcript of his marks raised a few eyebrows.....all D's and E's..... Monika clarified this...their marking system is opposite to ours....D's and E's are very high marks....thinking back I was a genius!!!!!!!!!!!!. Ross and Monika will be the contact persons for our Club so if you can help out with Axel let them know.**
- **John McCORMACK provided an update on Rotoplast Canada and their fundraising initiatives....so far they have raised approx 84K...looks good for the November 2014 Mission**
